

PRODUCT INFORMATION

PVC WELDING CURTAINS

DESCRIPTION

A range of 6ft x 4ft, 6ft x 6ft and 6ft x 8ft PVC welding curtains, available in Low-visibility Green and Hi-visibility Amber material.

Hi-vis Amber provides good visibility of the operator’s activity behind the curtain at all times, and the Lo-vis Green provides visibility of the arc and immediate vicinity, once illuminated. Both provide protection from UV and IR from the arc, as well as sparks and spatter from the weld.

These curtains are finished with hems on each side and eyelets along the top and bottom and are fully ready to be mounted to a frame or curtain pole. CE approved to BS EN ISO 25980.

Curtains sold separately. Curtain Rings sold separately. Does not include Frame.

ARTICLES & ACCESSORIES

Part Number	Product Description
