

Exhaust arm

Art. No.: 79 502

Applications

- For connection to fans or central extraction systems
- High levels of smoke and particles
- Non-stop operation
- Welding fumes, gases, vapours, light dusts

Benefits

- Fast operation due to particularly flexible adjustment
- 40% less adjustment of the exhaust arm needed due to exhaust hood design
- User-friendly due to particularly smooth movement of the hood with one hand
- Arm keeps position due to self-supporting design
- Various options to connect the exhaust arms to fans, stationary devices or via duct work to central extraction and filtration systems

Technical Data

Basic data	
Weight	17 kg
Additional information	
Exhaust arm type	rigid metal tube arm
Diameter extraction arm	150 mm
Length of exhaust arm	2 m
Joints	1

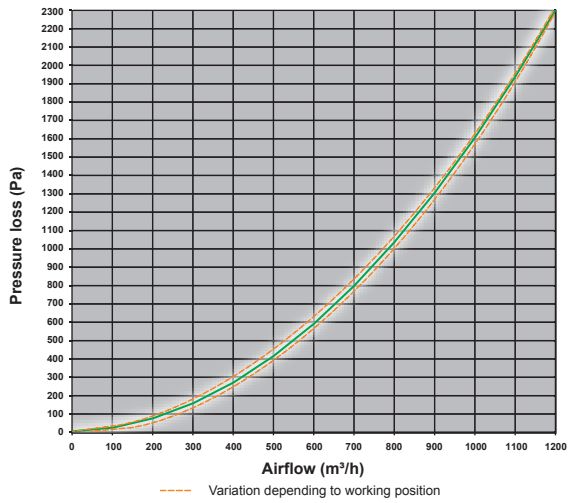

Properties

- 360 degrees rotating exhaust hood with damper
- Self-supported by internal springs

Scope Of Supply

- Exhaust arm with hood
- Wall bracket

Pressure loss
