

PRODUCT INFORMATION

APACHI TYPE NOZZLES

SUMMARY

Two-piece NM type cutting nozzles for use with 'Apachi' ('MAPP') gas in an NM style cutting torch or HD cutting attachment.

TARGET APPLICATIONS

Methylacetylene-propadiene propane (MAPP) can be used in a combination with oxygen to produce a flame which delivers heat up to 2900°C, that can efficiently cut ferrous and non-ferrous metals.

FURTHER INFORMATION

Sold Individually

MAPP gas is growing in use and popularity for its safety benefits and excellent heating capacity.

ARTICLES & ACCESSORIES

Part Number	Product Description
CC113594	APACHI NOZZLE 1/32IN 0.8mm
CC113589	APACHI NOZZLE 3/64IN 1.2mm
CC113584	APACHI NOZZLE 1/16IN 1.6mm
CC113591	APACHI NOZZLE 5/64IN 2.0mm
CC113593	APACHI NOZZLE 3/32IN 2.4mm
CC113595	APACHI NOZZLE 1/8IN 3.2mm

TECHNICAL SPECIFICATION

Product Number	Material Thickness
1/32	3-6mm
3/64	5-12mm
1/16	10-75mm
3/32	25-90mm
5/64	70-100mm
1/8	200-300mm
